KEY GLASS COMPLETES THE GLASS FOR RINGLING COLLEGE'S NEW ALFRED GOLDSTEIN LIBRARY

February 6, 2017 Bradenton, FL. - Key Glass completes the Ringling College of Arts Alfred Goldstein Library. A three-story, 45,000 SF library consisting of many different glass and glazing components. From exterior curtainwall to the, and an enclosed stairwell.

Gwen Kelly Project Manager for Associate Architect Sweet Sparkman said, "Your team did a magnificent job coordinating the glass install on this project. Everything seemed to flow seamlessly due to the communication between the Key Glass installer team."

Key's Project Manager Justin Burkhardt said, "We worked very closely with the design team and the contractor to ensure that the project kept its artistic look but still being a functional building in terms of the glass." One of the unique glass features was the glass enclosed book room. This room has a beautiful butt-glazed system and a glass suspended shelving system. Key Glass is proud to be a part of such a beautiful project in Sarasota.

###

About Key Glass: Key Glass has been specializing in the installation and fabrication of glass and aluminum on commercial projects in the Sarasota and Manatee area for 25 years. We take pride in building our communities malls, hospitals, office buildings and schools. We also not only take pride in the physical buildings within this community but also in giving back to the community and employing local people that invest in our community. With several long-standing partnerships throughout the years, Key Glass continues to live up to their reputation to be professional, dependable and innovative.
